ENJOY PRINT Y808 DTF Max

Traditional DTF models market has low profits? Can't meet customers' mass production requirements ?

Looking for more faster DTF machine? Come to Enjoyprint OEM customization

Our vision is to become a one-stop manufactory that meets your personalized customization requirements for DTF equipment, providing excellent DTF machines and factory services. And we can provide your company with powder shaker machine matching items to meet the needs of different dealers for personalized brand customization !

- Three-color light progress bar display
- Online moisturize
- 500m tension bar feeding system
- Powder box constant temperature system
- Magnetic levitation motor
- Integrated built-in purification
- LCD integrated control

ENJOY PRINT OUR DTF GOAL

- *Make DTF more intelligent and simple*
- *Reduce amortization time to a minimum*
- *Fast installation and easy to use -customer satisfaction*
- *Create compact and reliable DTF printing solutio*

Specially designed for dtf printer, Belonging to SD GROUP, we have four inkjet equipment production workshops in China, with a total factory area of more than 20,000 squaremeters, and we have more than 300 long-term employees. There are more than 50 after-sales team and more than 30 R&D personnel. Several after-sales personnel have more than 20 years of after-sales experience, and the R&D personnel have a large number of senior engineers with more than 10 years of R&D experience, 20 overseas engineers with many years of experience, 24 Hours of on-duty service !

ENJOY PRINT Y808 DTF Max Features

HIGH VOLUME DTF PRINTING SOLUTION

● Heads Installation-free

After you receive the printer, there is no necessary to install the print heads. After installing the ink and simple debugging, it can be printed directly.

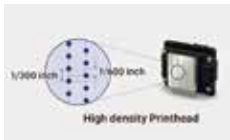

● Automatically Moisturize Online

Special board control configuration, To prevent the ink from clogging the heads, moisturizer at regular intervals to keep the heads clean and moist. Online humidification system, which can keep the best working condition of the.

● Upgraded Damper Heating

Independent control switch, heating on all sides to maintain nozzle status, improve ink fluency, stable output.

● Nozzle Broken Hole Compensation Technology

The printer can automatically monitor the printing process during the printing process, and will compensate if there is an problem of printing leakage to ensure the perfect output.

● LCD Touch Screen

Upgraded LCD touch screen, intelligent integrated control, more convenient operation and user-friendly.

● Tension Bar Media Feeding System

The intelligent tension bar film feeding system makes feeding more accurate and stable.

● Electric Pinch Roller Control Systems

The electric control pinch roll, the PET film evenly stressed, feeding more accurate, one-button easy operation.

● Upgraded Pinch Roller & Linear Motor

Imported high quality THK guide. Highly stable printing with low noise and with longer life. Electric push rod replaces gear set, more stable paper feeding method. Upgrade the linear motor to ensure high-speed and stable output of the printing.

● 500m Heavy-duty Media Feeding System

500m heavy-duty media feeding system to meet the needs of long-term high-speed mass production.

● Three-color Light Waste Ink Alarm

Upgraded three-color light waste ink alarm, real-time detection of equipment working status.

HIGH VOLUME DTF PRINTING SOLUTION

T-shirt Digital Heat Transfer Printing Machine

Model	Y808 DTF MAX Power Shaker	
Print Head	8 Print Heads	
Printing Technology	Piezoelectric Inkjet	
Acceptable Media	Width	800 mm
	Thickness	Maximum 39 mil(1 mm)
Printing Width	800 mm	
Ink Cartridges	Type	Transfer Pigment Ink
	Color	CMYKW
Applicable Medium	Transfer film	
Color Manage	ICC or density curve	
Media Heating System	Powder & color fixing machine	
Interface	USB3.0	
RIP Software	CADlink & PhotoPrint	
Power Supply	50HZ/60HZ,220V/110V/10A	
Environment	Temperature	20 C to 28 C
	Humidity	65% to 75%
Printer Dimensions(With Stand)	L2400mm*W720mm*H1600mm	
Packing Dimensions	L2005mm*W990mm*H1350mm	
Packing Weight	300kg	

Shaking Powder and Color Fix Machine

Model	Y808 MAX Power Shaker	
Media Width	0-800mm	
Applicable Medium	Nylon, Chemical Fiber, Cotton, Leather, Swimwear, Wetsuit, PVC, EVA, etc.	
Powder Control	Powder shake control, powder control, powder direction and volume control	
Heating & Drying Function	Multi-stage heating system, drying, cold air fan function	
Rewind Function	Automatic induction winding	
Electrical Parameters	Rated Voltage: 220V	Rated Current: 30A
	Rated Power: 6.6KW	Power Consumption: 2.2 KWh~5KWh
Packing Size & Weight	1900* 1120* 1180mm	
	G.W. 235kg N.W.210kg	
Powder Shaker Size	2800*1200*1000mm	

SPEED

* Eight Print Heads Speed

720x1200dpi - 4pass	51 sqm/h
720x1800dpi - 6pass	33 sqm/h
720x2400dpi - 8pass	25 sqm/h
